EDUCATION

Master in Civil Engineering
Gdansk University Of Technology
2018 - 2020 | Numerical modeling of
artificial surfing waves

Mestrado em Engenharia Civil
Universidade NOVA de Lisboa, Portugal
2019 - 2019

Ingenieria Civil
ULPGC, Spain
2013 - 2014

Civil Engineering
Gdansk University Of Technology
2011 - 2015 | Modeling of engineering
structures

SUMMARY

Junior software developer with over a year of experience in full-stack development of Sales Force Automation applications for the telecommunication industry. My goal is to expand knowledge about inclusive and accessible programming.

EXPERIENCE

Junior Software Developer | 09.2021 - 12.2022

Caltha | Warsaw

- creating a new application for the telecommunications industry in the following technologies: Angular 11 and Java 17
- implementation of new functionalities and maintenance of SFA applications in the following technologies: Angular 11 and Java 11

Construction engineer | 2014 - 2015

Doraco | Gdansk

Kitesurfing instructor | 2011 - 2021

Poland | Spain | Zanzibar

Snowboard instructor | 2012 - 2020

Poland

CERTIFICATIONS

Java Developer | 2021

Coders Lab - three months bootcamp

DualSPPhysics: a SPH-based method for
engineering | 2019

Salerno, Italy

WECANet Training school on Numerical
modelling of WECs using SPH models | 2020
Ourense, Spain
